

# TPC's Mission

To promote the growth and sustainability of its members' professional associations.

TPC's professional associations share a common commitment to organizational performance and improvement by the promotion of professional development & competency.

## Sample Programs & Workshops by TPC Members:

- TPC Networking Event
- Professional Education Days
- Plant & Business Tours
- National Presenters
- Professional Certifications
- Profession-specific Topic Speakers (6-8x a year per group)

## TPC's Structure

TPC is led by a collaborative steering team, comprised of the leaders of each TPC member association. This team of leaders meets as needed to fulfill the TPC mission. Special events use a planning team with a team member from each association.

**For additional information,

## The Professionals' Collaborative TPC Vermont

*We leverage the value,  
knowledge, and networks of our  
six professional associations  
operating throughout Vermont!*

The Association for Operations Management is the leader and premier knowledge provider in operations management, including production, inventory, supply chain, materials management, purchasing, and logistics. The Champlain Valley Chapter provides networking & educational opportunities to professionals in a wide variety of industries needing competency with the intricacies of materials and business management.

The American Society for Quality is the leading authority on organizational quality. The Vermont Chapter works to advance learning, quality improvement, and knowledge exchange to improve VT business results, by helping people improve the quality of their products and services. ASQ is a community for anyone who seeks technology, concepts, or tools in quality control and assurance. Members all have one thing in common: they are committed to gaining more skills, information, and abilities in the application of quality principals and practices.

[www.vtasq.org](http://www.vtasq.org)

The Association for Talent Development (formerly ASTD) is an international community of workplace learning & performance improvement professionals. ATD offers tools, techniques, solutions, and best practices for employee learning & development. Members gain access to professional-enhancing training and human-performance resources; national, local and online opportunities to network with colleagues; and conferences, products, and services.

The Association of Change Management Professionals® serves as an independent and trusted source of professional excellence, advocates for the discipline and creates a thriving change community. ACMP is the leading resource for access to change management education, information and networking. It hosts the largest annual global Change Management conference for change thought leaders and practitioners for discovery and experience of new trends and best practices in change management. ACMP Chapters exist to provide opportunities for ACMP members to engage with change professionals at the local level to advance the profession and practice of change management.
